**Diverseability and DisAbility – How to Apply Proper Methods in Scouting with Special Needs**

January 13 – 19, 2019

**DIVERSEability and DisABILITY –**

This conference is for Scouters, professionals, and parents that have a passion for helping Scouts with disabilities become involved in all that Scouting has to offer.

This course will help you start or strengthen a Disabilities Awareness Committee within your council, district, or unit. We will show you proper procedures, modifications, resources and different ways to work with families and Scouts with special needs. You will also learn what kind of support your Scouts will need to experience the outing in Scouting.

See how you can help Scouts advance at all levels, experience programming, and feel included and empowered to make a difference in the lives of others.
